

Poteet ISD
Network and Cloud Computing
Pathways in Technology Early College High School (PTECH)

Admission Plan

Poteet Independent School District and Poteet High School, in partnership with Palo Alto Community College, are affording students the opportunity to earn up to 60 college hours, industry certifications and an Associates in Applied Science Degree in Network and Cloud Computing. Students will also learn the skills needed to be successful throughout life through the participation in the P-TECH program and a variety of internships with our business partners.

Poteet High School P-TECH is available to students in Poteet ISD. Students in the 8th grade must meet the following criteria:

1. The student must attend Poteet Junior High and apply to the program in the 8th grade.
2. The student must complete the application form that is provided. Applications can be obtained through the junior high counselor, district website or from the counselor at the high school.
3. A lottery system will be used to admit students.
4. This is a **four year commitment** and both the student and the parent/guardian must agree to abide by the Student Code of Conduct established by Poteet ISD.
5. Both the student and the parent/guardian must agree that the ultimate goal is to graduate from the Poteet High School P-TECH in Network and Cloud Computing program with college credit(s), industry certification and an Associates in Applied Science Degree according to each student's individual graduation plan.

Note: In accordance with the Texas Education Agency rules, academics, discipline, state assessments, disabilities, LEP status, grade point average, and/or teacher recommendations cannot be considered in the selection process.
